

NEWGEN STRATEGIES AND SOLUTIONS, LLC

YOUR SOLID WASTE COLLECTION SERVICES: MORE EFFICIENT. MORE SUSTAINABLE. MORE RESPONSIVE.

As service expectations rise and sustainability initiatives grow, communities must find ways to deliver reliable, cost-effective solid waste, recycling, and diversion programs. At NewGen, we recognize these challenges and help communities manage both the operational and financial aspects of providing collection services. NewGen partners with community leaders to uncover inefficiencies, explore innovative service options, and provide data-driven strategies that balance cost, resources, and customer satisfaction.

WHY EVALUATE YOUR COLLECTION SERVICES?

Customer Satisfaction

Enhance customer experience by identifying service pain points, improving reliability, and increasing transparency through better communication and feedback channels.

Environmental Impact

Efficient operations and exploring collection options can lower emissions, promote eco-friendly practices, and support diversion goals.

Resource Allocation

Utilize resources where they provide the most value. Our evaluations identify opportunities to improve efficiency, reduce waste, and improve productivity across your system.

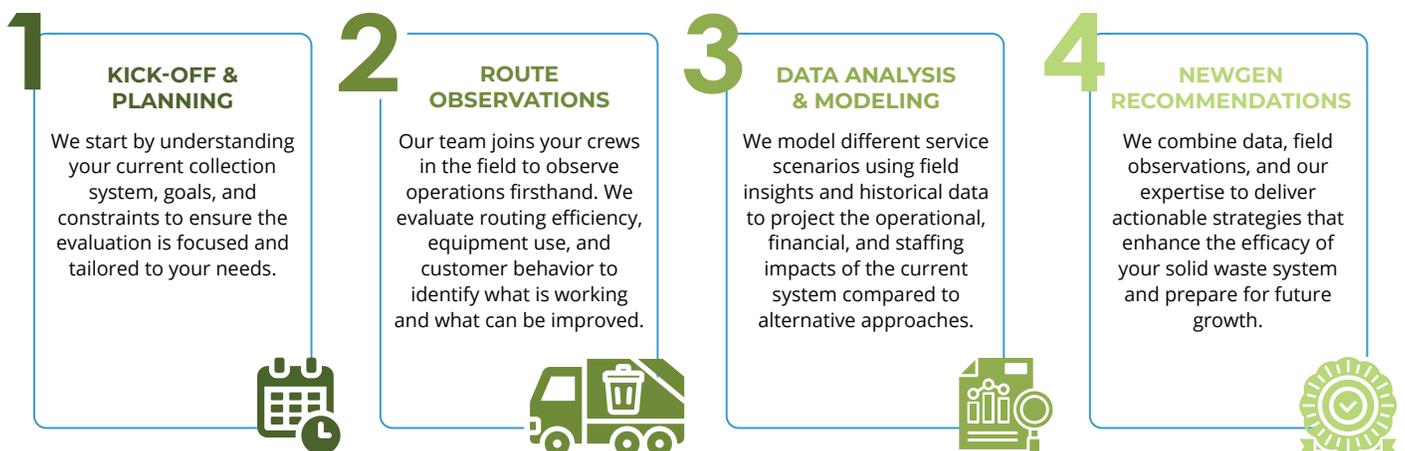

Operational Efficiency

Optimize routes and related costs through data-informed adjustments.

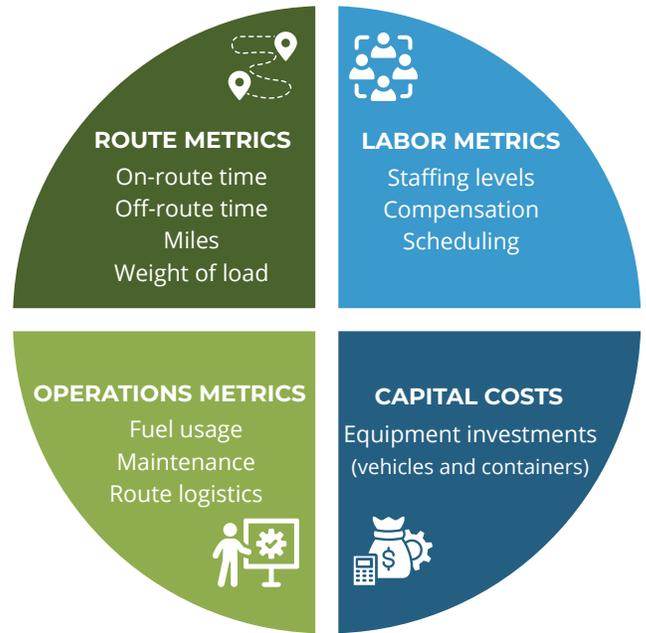

THE ROADMAP TO COLLECTION EFFICIENCY

NewGen's assessment **combines hands-on fieldwork with thorough data analysis to identify opportunities for cost savings, operational improvements, expanded services, and long-term sustainability.** Our four-step approach provides a comprehensive understanding of your solid waste system, encompassing both on-the-ground realities and the possibilities enabled by the right strategy.

UNDERSTANDING YOUR SYSTEM PERFORMANCE

NewGen bases every recommendation on a comprehensive analysis of your collection system's performance. Our modeling process **identifies key cost drivers and performance indicators, giving you a clear understanding of where to find efficiencies and opportunities for improvement.** We evaluate four essential areas that influence your system's success.

WHY PARTNER WITH NEWGEN?

As community needs evolve and service demands increase, solid waste services must adapt to remain effective and resilient. NewGen equips communities with strategies that align with your goals, operational realities, and public expectations.

Adapt with Confidence

As service demands grow, we help your system stay resilient and effective.

Plan for a Sustainable Future

Our strategies align with your goals and evolving community expectations.

Leverage Industry Insight

We combine proven expertise with a forward-thinking approach tailored to solid waste systems.

Implement Practical Improvements

We focus on meaningful, actionable upgrades that enhance service and deliver long-term value.

**Efficient Service. Grounded in Data.
Guided by Community.**
