The Consultant position in the solid waste practice is an entry-level position with opportunity for advancement. This person will work directly with industry experts within the firm to grow your knowledge. Qualities desired for the ideal Consultant include:

- Strong written and verbal communication skills.
- Critical and analytical thinker.
- Can synthesize large amounts of data.
- Collaborative team player.
- Exceptional attention to detail.
- Intellectually curious.
- Takes ownership of work efforts and knows when to ask for help.
- Excellent organizational skills that facilitate the ability to work on multiple assignments while completing projects on-time and with the highest work quality.
- Proficiency in Microsoft Office Suite (especially Excel).
- Desire for continued learning to advance skill set. We invest in our employees to advance and provide the training to foster employee growth and advancement.
- Prior knowledge and experience with solid waste, water/wastewater, or energy utilities beneficial but not required.

Job Description

The Consultant will assist with the development of user-friendly Microsoft Excel models that evaluate utility financial, technical, and operational data to provide reports, insight, and action plans. The successful candidate will work directly with senior employees and external client project teams to diagnose issues and collaboratively design effective solutions. The duties of this position include, but are not limited to:

- Perform quantitative and qualitative financial and economic analyses to support end-user models utilizing the Microsoft Office suite of products.
- Conduct econometric analyses employing descriptive and predictive analytics to summarize large sets of historical data from various platforms.
- Support development of financial models with user-friendly dashboards to improve flexibility in decision making and addressing our client's most challenging problems.

- Develop project status reports as well as reports and presentations summarizing research findings, statistical data analysis, results, and recommendations.
- Perform industry and/or project-specific research.

Qualifications

- Bachelor's degree in Finance, Economics, Accounting, Math, or related field.
- Proficiency with Microsoft Office Suite (Word, Excel, PowerPoint, Outlook); advanced experience with Microsoft Excel preferred. Knowledge of Power Query, PowerPivot, PowerBI, and R is a plus.
- Minimum of 1-2 years of professional experience preferred.
- Strong analytics background or formal education in transforming large datasets into coherent observations and quantitatively supported recommendations.

Additional Information

Location: Austin, Texas. In person initially, then hybrid options available. We offer flexible work schedules with the understanding that a client deadline takes precedent. We are a client focused organization and therefore every position will have a utilization goal to meet.

Employee Type: Full-time. Some overtime will be required.

Salary: We offer competitive salaries and bonuses. Our benefits package is competitive and includes medical insurance, maternity and paternity leave, 401K Plan with matching, paid vacation and holidays, and flexible work schedules. Investment in both formal and informal professional development is encouraged and funded by NewGen.

Base Compensation Range: \$62,000 - \$70,000

The range provided is NewGen's reasonable estimate of the base compensation for this role. The actual amount may be higher or lower, based on non-discriminatory factors such as location, experience, knowledge, skills, and abilities.

Legally Authorized to Work in United States: To qualify, applicants must be legally authorized to work in the United States, and should not require, now or in the future, sponsorship for employment visa status. NewGen is an equal opportunity employer and complies with all federal, state, and local fair employment practices laws. NewGen strictly prohibits and does not tolerate discrimination against employees, applicants, or any other covered persons because of race, color, religion, creed, national origin or ancestry, gender identity, sexual orientation, marital status, sex (including pregnancy), age, disability, past, current, or prospective service in the uniformed services, or any other characteristic protected under applicable federal, state, or local law.
