

Job Posting – Financial Analyst (Austin, TX)

At NewGen Strategies and Solutions, our vision is to be the consulting company that makes a difference for our clients, our employees and in our community. Our list of values includes: make an impact, foster innovation, expect quality, cultivate community, and be a trusted advisor. We are searching for a detail-oriented Financial Analyst to join our team in our Austin Office. Other qualities desired for the ideal Financial Analyst include:

- Excellent written and verbal communication skills
- Critical and analytical thinker
- Stays calm in high-stress situations
- Can synthesize large amounts of data
- Collaborative team player
- Exceptional attention to detail
- Intellectually curious
- Excellent organizational skills that facilitate the ability to work on multiple assignments while completing projects on-time and with the highest work quality
- Proficiency in Microsoft Office Suite (especially Excel)
- Prior knowledge and experience with energy, water or other utility industry beneficial but not required.

If our Financial Analyst position sounds like the opportunity for you, please send resume and cover letter to Beth Smith at A-List Interviews (info@a-listinterviews.com). We look forward to hearing from you!

Job Description

The Financial Analyst will assist with the development of user-friendly Microsoft Excel models that evaluate utility financial, technical, and operational data to provide reports, insight, and action plans. The successful candidate will work directly with Senior Consultants, Executive Consultants, Directors and client project teams to diagnose issues and collaboratively design effective solutions. The duties of this position include, but are not limited to:

- Perform quantitative and qualitative financial and economic analyses to support end-user models utilizing the Microsoft Office suite of products.
- Conduct econometric analyses employing descriptive and predictive analytics to summarize large sets of historical data from various platforms.
- Support development of financial models with user-friendly dashboards to improve flexibility in decision making and addressing our client's most challenging problems.
- Develop project status reports as well as reports and presentations summarizing research findings, statistical data analysis, results, and recommendations.
- Perform industry and/or project-specific research.

Additional Information

Location: Austin, TX

Employee Type: Full Time
